FASHION MAKEOVER

Stacy Stone, a Highland Park resident and mother of 3, can often be found running errands in the shirt she wore to bed the night before. This routine prompted her husband, **Dan**, to nominate her for our fashion makeover. Stacy, with the help of **Old Orchard** stylist **Suzanne Newman**, spent an afternoon at **Bloomingdale's** updating her wardrobe with pieces that work for the office as well as date night.

BEAUTY MAKEOVER

Juggling roles as a mom and a businesswoman, **Erin Krex**, founder of Northbrook-based **First Class Care**, has little time for herself. Working nearly 70 hours a week with 5:30 a.m. wake-up calls, she doesn't have time for pampering herself while caring for her family and managing her business.

As the recipient of Make It Better's beauty makeover, Erin was given a day dedicated solely to her. She received professional pampering from experts at Northfield's **Teddie Kossof Salon and Spa**. After a day of indulgence, including a beauty consultation, haircut and styling, Erin felt like a whole new woman!
